GREEN TRAINING FUNDS AWARDED

The Susquehanna Workforce Network has been awarded training funds for businesses and workers interested in Green Training for Energy Efficiency (Building Trades & Construction) and Manufacturing Sustainability. This opportunity is geared towards training entry level, new and incumbent workers. Businesses interested in upgrading their workforce through training could be eligible for 100% training reimbursement. Unemployed persons interested in acquiring skills in GREEN Building Trades & Construction or Manufacturing Sustainability could be eligible for free training.

For additional information regarding these trainings, please contact the following:

Businesses – Please contact Alan Sexton, 410-642-6384, Business Services Representative

Unemployed Workers – Contact the GREEN Employment Specialist at one of the following Workforce Centers:

Aberdeen Workforce Center – 410-272-5400

Bel Air Workforce Center – 410-836-4603

Cecil County Workforce Center – 410-996-0550

All funding for these GREEN Training initiatives is made possible through the Maryland Energy Sector Partnership (MESP) and the U.S. Department of Labor.
