

# Information Technology (IT) Cyber Security Training

**Wanted: IT/Cybersecurity Professionals in Harford and Cecil Counties**

**Call Today!**

## **Is this career right for you?**

Employers in the Susquehanna Region will continue to create many IT and Cybersecurity job openings over the next several years. This workforce represents a wide range of occupations and skills; from engineering and architecture to entry level IT specialists and help desk workers. The Professional Services, Finance, and Manufacturing and Defense sectors are identified as having the highest demand for cybersecurity jobs. To help meet the overwhelming demand for trained individuals, this IT/Cybersecurity training has been developed.

## **Some of the possible duties you may perform after completing this program include:**

- Provide technical assistance to computer users.
- Answer questions or resolve computer problems for clients in person, or via telephone or electronically.
- May provide assistance concerning the use of computer hardware and software, including printing, installation, word processing, electronic mail, and operating systems.
- Analyze, test, troubleshoot, and evaluate existing network systems, such as local area network (LAN), wide area network (WAN), and Internet systems or a segment of a network system.
- Perform network maintenance to ensure networks operate correctly with minimal interruption.
- Plan and carry out security measures to protect an organization's computer networks and systems.

## **JOB OUTLOOK & EARNINGS**

According to the U.S. Bureau of Labor Statistics (BLS), Entry Level salaries range from \$15.50 to \$29.00 per hour.

Equal Opportunity Employer/Program

The Susquehanna Workforce Network will host virtual training through Harford Community College over a four-week period beginning May 12, 2021 to prepare participants to test for the A+ Certification exams.

## **PROGRAM ENTRY REQUIREMENTS**

- **Must be 18 years of age or older**
- **Possess transportation**
