Why should I be a SECOND CHANCE employer/vendor?

- **Available, motivated, skilled employees**
- **Lower turnover:** Individuals given a second chance are frequently a company's most loyal staff, resulting in lower employee turnover.
- **Federal Tax Credits** are available through the Work Opportunity Tax Credit program. Employers can receive a tax credit of up to \$9,600 each year for each employee with significant employment barriers. There is not a set limit to the number of individuals an employer can hire to claim the tax credit.
- The **Federal Bonding Program** provides insurance policies that protect against employee theft or dishonesty. Six months of coverage ranging from \$5,000 to \$25,000, are available at **no cost** to the job applicant or the employer, and require **no paperwork** on the part of the employer.
- **Safer and stronger communities:** Stable employment for ex-offenders reduces the likelihood that they will commit future crimes.
